Making beautiful things happen
Who knows how much money was raised by the MT and ZNM the last three years?
600 000 €

Was collected from donations from ZNM - Zusammen Stark e.V. and the Myotubular Trust in the last three years.
How much of this money was raised by the families?
70% of all donations came through the directly engagement of a family member of our community!
With this money wonderful things have happened!
We have organised beautiful family conferences!
We have invested on research to find a treatment for MTM and the other CNMs!
You are the real HEROES!

Your work is making a BIG IMPACT on our community!
